# Tidbit

## NEW TASTY FORM!

---

### Long & Happy Tidbits

it's a new of our original veterinary supplement. Our tidbits are composed of precisely selected natural base ingredients and special active ingredients responsible for the function of a given product. Our tidbits, unlike tablets and capsules, do not contain magnesium stearate or fillers.

# Dynamic market growth

---

In Poland, there is a noticeable increase in interest in animal care. **Poles devote more and more attention and resources** to the well-being of their pets.

Currently, there are over **8 million dogs** living in Poland. These numbers are systematically growing, which proves the growing popularity of pets.

There is an increasing demand for dietary supplements for animals on the Polish market, which is part of a broader trend of increasing **health awareness among pet owners**.

The pet supplements market will grow at an average of 12.5% annually (CAGR) in the coming years.
